

## **NERGA Handicap Ranges**

For NERGA Handicap ranges are follows.

**Inter                    7.0 to 14.9**

**Rabbits                15.0 to 28**

A player must be within these handicap Index ranges when they are registered for their 1<sup>st</sup> event of the season. Registration for a NERGA event opens 2 weeks before the event.

If a players Handicap Index changes AFTER they have played in a NERGA event, and their new Handicap Index is outside of the above ranges, the following apply:

- If a player is cut to below 7.0 for Inter or 15.0 for Rabbits events, they will play off their new/current handicap index.
- If a players Handicap index is raised to above the range, above 14.9 (Inter) or 28.0 for Rabbits, the can continue to play in NERGA events but will be restricted to the max range.

## **Competition allowance 95%**

All players handicaps will be reduced to 95% as per the England Golf recommended Competition allowance.
